

Highlights for the month of September/October 2014

School Programs:

- “Breakfast for Learning” has been granted once again to our school, we will be looking for a second sponsor for the third term, and perhaps PAC can step in this year?
- Copies of SGP available at the front office display, this plan for the school is in constant development, this year the focus is on our “School Wide Write”. This year we are incorporating “Self-regulation” to promote positive and respectful behaviours in our plan.
- Social Responsibility: Will begin after our staff meeting to choose our focus of the month. Classroom rules and routines have been developed over the past 10 days.
- Learner Support: Services continue to be promoted as inclusion, students are seen regularly. Learner support has a strong presence in the classroom with resource teachers working with students and EA’s additionally in class and with small groups. Additionally, we have the support of the SLP on Friday’s and counselor on Wednesday’s and Thursday’s.
- 1.31 Culture and Language teaching has both classroom and culture teacher working as a team. This year we have a team working together to provide students with cultural history, music, and language.

School Culture Activities:

- Safety & Health Committee check done mid Tuesday of every month, today was the first fire drill.

- Safety is promoted on the playground, “hands free” policy is promoted, and students continue to play with no area restrictions.
- Hazelton after-school program is starting up again – It worked well for students who need another venue.
